KCHMM Presents  
Essentials of Hazardous Materials Management (EHMM) Course  
3 Day Course Wednesday - Friday  
September 23-25, 2020  8:00 AM – 5:00 PM

Every few years, we offer the Essentials of Hazardous Materials Management Course. In the past, we have hired an instructor for the full 3 days but this year we’re doing something different. We have a total of NINE instructors for the 3-day course. These instructors are subject matter experts and have vast knowledge about the topics they will be teaching. With a variety of trainers, it should keep the course lively and interesting.

While not specifically a pre-exam preparatory course, it is certainly a great way to prepare in advance of the exam. For those who already hold certification to the CHMM, PE, PG or other credential, this course is a great way to stay current with your career field and get 2.4 CEUs in a short period of time. If you’ve not been in the environmental field very long – this is a great way to get an overview of those areas in which you aren’t currently experienced. There is no test at the end of this course so it’s low stress.

Cost of the Course: (early registration ends 8/15/20) $625 per person.  
(late registration – after 8/15/20) $675  
Partial or Full Scholarships are available (see page 2).

Includes: Instruction Binder with notes pages, an electronic copy of the AHMPs EHMM Desk Reference and a cross reference to each chapter in the course to the Desk Reference chapters. Lunch for all 3 days is also included.

Dates: September 23-25, 2020 8AM – 5 PM  
Location: U of L Shelby (at Hurstbourne Lane) Campus (free parking)

Registration Form (complete and email to jennifer@ecshelp.com) by 8/15/20

Name(s)___________________________________________Email:____________________

_____________________________________________Email:____________________

.Company:_____________________________________________________________

Address:______________________________________________________________
City:______________________________________ State_____ Zip __________

Qty of Students: _____  X $625 = ____________________

Qty of Students: _____  X $675 = ____________________ (4/1/20 or later registration)

Select your method of payment:
☐ I will remit a check to KCHMM PO Box 18009 Louisville, KY 40261-0009  
☐ Please issue a Pay Pal invoice; I agree to pay the $20 convenience fee per student.
Scholarships are available for those without company support for their continuing education. In order to apply for the scholarship, please submit a brief letter explaining your situation and why you believe you should receive a scholarship. Scholarships will only be issued to KCHMM members in good standing.

Scholarship request letters must be submitted no later than 8/15/20 to jennifer@ecshelp.com. The requests will be reviewed by the Education Committee and notification of status by 8/31/20. In your scholarship request letter please include the following information:

1) Your name, company affiliation, address and other contact information

2) Current KCHMM membership status (paid, lifetime member, non-member)

3) Number of years as a member of KCHMM and involvement in the chapter

4) Type of higher learning degree you currently hold and any current education you are involved in

5) Current number of years in the environmental field

6) Readiness to take the CHMM exam (i.e., plans to take the CHMM exam during 2020-2021)

7) Certification that your employer is not able or willing to pay all or only willing to pay for partial support for the EHMM course.

8) The amount of the scholarship you are requesting.
